

**Bitfrex Bot economically rewards users** who promote and sell their products. You can start earning commissions whether you have purchased a Bitfrex Bot product or not yet. It does so through **2 types of bonuses**:

## 1. Commission for Direct Selling

The first bonus of the compensation plan **rewards you each time you make a sale (first level commission) and each time someone you recommend Bitfrex Bot, makes a sale (second level commission).**

The commission you receive is stipulated by a percentage of the sale made. This **percentage varies depending on the total sales you have previously made.**

Once you reach the next level in terms of sales made, you will keep it for a life time and you will always earn the percentages marked by that level.

You will collect the corresponding commission each time someone within your two levels of influence makes a purchase. It does not matter when they do it or how many they make. **You will commission all their purchases indefinitely in time.**

**Commission payments will be made effective at the time the product is delivered to the person who made the purchase.** It may take up to 96 hours and be transferred to the bitcoin wallet that you have indicated in the "Account" section of your "Members Area".

### Summary of bonuses and levels:

**Level 1. From 1 to 2 direct affiliates who make purchase = 10% first level.**

**Level 2. From 4 to 10 direct affiliates who make purchase = 10% first level, 5% second level.**

**Level 3.** From 11 to 20 direct affiliates who make purchase = 15% first level, 5% second level.

**Level 4.** From 21 to 50 direct affiliates who make purchase = 20% first level, 5% second level.

**Level 5.** From 51 direct affiliates who make purchase and onwards = 23% first level, 7% second level.
